SEA TAKES BIG TOLL.

Thirty Lives Lost in Shipwreck.

Espee Steamer Carina Goes on Rocks Off Oregon Coast.

Father of Only Passenger Watches Vessel Driven to Doom.

Rescuers Make Desperate But Futile Efforts—See Men Leap to Death.

(BY DIRECT WIRE TO THE TIMES.)

MARSHFIELD (Or), Jan. 12.—[Exclusive Dispatch.] C. J. Mills, local manager for the Southern Pacific Company, stood on the ocean shore of this port tonight until darkness fell, watching the breakers pounding to pieces the steamer Carina, knowing that his son, Harold Mills, was on board and that he must almost inevitably drown.

The Carina, bound from this port for San Francisco with coal, struck on the north spit outside the harbor entrance late this afternoon. Mountainous seas were running, and the Carina was doomed from the first. On board were the master, Capt. William Duggan, a crew of twenty-eight, and Harold Mills, who had started on a trip to San Francisco.

Seas began breaking over the vessel almost as soon as she struck, and her house and portions of her rigging were quickly carried away. The sailors could be seen clinging to the shrouds and high upon the masts.

The life saving crew located her and made repeated efforts to get a boat through the surf to the doomed vessel, but as often as they tried, were beaten back. Efforts showed a line to the Carina likewise failed because she was too far out to be reached.

One sailor was seen to jump overboard and strike out boldly for shore. So near did he come that several onlookers dashed into the surf to drag him ashore, but he sank before he reached them. Other sailors were seen to drop overboard and disappear.

After darkness closed down the Carina showed no lights and hope was practically abandoned. Mr. Mills still watched on the shore, however, as did nearly the whole population of Marshfield. Wreckage is coming ashore and it is feared the steamer is breaking up.

HOPE IS ABANDONED.

(ASSOCIATED PRESS NIGHT REPORT.)

MARSHFIELD (Or), Jan. 12.—The Southern Pacific Railroad's steamer Carina, which left this port for San Francisco this afternoon, lies a total wreck on the north spit of the Coast Bay bar, and thirty lives are believed to have been sacrificed to the elements.

Harold H. Kentsel, first assistant engineer, was washed up on the beach tonight, the sole survivor. He was unconscious and unable to speak when found, and it is feared he is internally injured. The watchers saw a body a little later, but the waves carried it out again before they could reach it.

Harold Mills, the 20-year-old son of C. J. Mills of this city, manager of

MUFF FOR MERE MAN.

"Ilgly" Startles St. Louis Society by Affecting Feminine Apparel.

(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS, Jan. 12.—[Exclusive Dispatch.] McNair Ilgenfritz, the Harry Lehr of St. Louis, startled theatergoers tonight by dropping into the foyer of the Odeon wearing an Astrakhan muff that encased his finger nails, which are the longest outside of Chinatown and the most beautifully polished in the smart set, masculine or feminine. "Ilgly" also wore a snake for a necktie. The snake was of acutilating metal and the head and tail were clasped over the bosom after the manner of a locket.

Ilgenfritz says that in these days of militant and manly women, the poor men have a perfect right to counterbalance the movement by exercising a few feminine comforts and privileges. He is a grandson of McNair, first Governor of Missouri.

the steamship company operating the Carina, was the only passenger. He was returning to his studies at the University of California, Berkeley, after a week's vacation spent with his parents.

Before the ship struck, Mills was called and ran to the beach only to see the vessel drift onto the rocks with his son aboard. Scanning the water and racking his brains for some way to reach his son, the father paid the beach with haggard face. He soon realized that any effort to reach the vessel by tug or lifeboats would be futile, and looked on while the life-saving crew tried to fire a line aboard the ship. Finally he gave up all hope and tonight he is certain his son is dead.

LEFT DURING GALE.

The Carina left port this afternoon during a gale. Tremendous seas were breaking outside the bar and heavy seas were washing over it as the steamer attempted to pass out.

Suddenly those on shore gathered to watch the departure of the last boat, were surprised to see the Carina heading toward the north spit. Her engines seemed to have become disabled. The heavy seas almost enveloped the steamer, and she drifted rapidly onto the spit at a point about a mile above the jetty.

The disabled vessel pounded heavily, sawing from side to side, with great waves breaking over her. It was too rough for tug to approach her, and those on shore were compelled to stand idly by, unable to succor the doomed crew.

Capt. Duggan of the Carina made an effort to stop the onward sweep of the vessel toward the rocks. He dropped anchors, but they would not hold, and she soon grounded. The members of the crew crowded into the rigging and made frantic gestures of appeal. The helpless onlookers watched as they were washed overboard to their death.

DARKNESS CLOSES IN.

The crew from the life saving station launched a boat and made effort after effort to fire a line across the vessel from the shore. They were unsuccessful, as the distance was too great and the water was too rough.

As darkness closed in, a few men were seen on board the wrecked vessel.

MYSTERIOUS.

NEW HEAD IS CHOSEN FOR THE ROCK ISLAND.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Jan. 12.—[Exclusive Dispatch.] Coincident with the suspensions by the Stock Exchange of the Rock Island Company directors, met and elected Robert Walker, formerly assistant general counsel, president of the Rock Island Company, the holding company of the Rock Island Railroad, in place of Richard A. Jackson, resigned.

Mr. Jackson is closely identified with Daniel G. Reid and William H. Moore, Robert Walker's home is at Scarsdale, N. Y., and he has an office at No. 115 Broadway, where the Rock Island office is. He is only 35 years old and is little known in the railroad world except as a lawyer.

At the Rock Island offices in this city all information as to the meeting was refused, but it was said that a statement might be given out tomorrow morning. At the home of Mr. Walker, in Scarsdale, Mrs. Walker confirmed the report of her husband's election as president of the Rock Island Company, but said he was absent in Chicago. One of the directors of the company, who did not wish his name disclosed, also corroborated the news of Mr. Walker's election.

This morning the change in the management of the Rock Island interests and the importance of the change in management decided upon give color to the theory that the governing committee of the Stock Exchange, impressed with the fact that a conservative management of Rock Island affairs is to be inaugurated, was inclined to deal leniently with those brokers involved in the buying orders of Rock Island which caused so great a sensation in Wall street on the Monday after Christmas. The measure of discipline decided on today is mild in the extreme, and there was much discussion this evening as to the underlying motive for it.

FEW CHANGES MADE.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Jan. 12.—The bill providing separate Statehood for the Territories of New Mexico and Arizona was considered by the House Committee on Territories today, and probably will be reported to the House tomorrow.

At today's hearing the measure was practically completed, and the committee is unanimous for its early presentation. Only minor changes have been made since its introduction.

NO CHANGE IN METHODS.

Federal Incorporation Bill Ready.

Legalizes Form of Holding Company to Purchase State Concerns.

Minimum But no Maximum Capital Stock Established by Measure.

Pertinent Features of President's Plan for Regulation Given.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Jan. 12.—[Exclusive Dispatch.] Here is the administration bill to provide a system of Federal incorporation as recommended in President Taft's special message sent to Congress last Friday.

The bill was drawn by Atty.-Gen. Wickersham after repeated consultation with Secretary Nagel and other legal advisers of the President, including Senator Root.

While the bill follows closely the recommendations of the President's message, it will, if enacted into law, work a tremendous readjustment in the manner of doing business in this country. For it seems, at least on first reading, to authorize the creation of a series of corporations, which will be subject only to action of Congress in certain vital respects. For instance, it is expressly provided that no court shall have anything to say as to the forfeiture of a charter, which can be annulled or changed only by Congress.

The bill distinctly legalizes a form of holding company and authorizes such a corporation to purchase and hold State corporations, engaged in the production of the coal, oil, gas, and electric power, and in the operation of the railroads, and in the operation of the telegraph and telephone lines.

Within the power of a national corporation chartered under this bill to buy and operate every sugar refinery or every steel plant or every bakery or every other business in the country.

SUPREME JUDGE.

The Commissioner of Corporations is made the supreme judge as to the issuance of a charter, which he is obliged to issue if he finds that the association applying for it has complied with the provisions of the law, which are comparatively simple. If he finds that the articles of association are at variance with this law or any other law, he "may" decline to issue his certificate.

A minimum is established for the capital of a national corporation, but no maximum. Stock is to be issued for cash except that property may be purchased by stock at an appraisal approved by the Commissioner of Corporations. There are full regulations governing the operations of the national corporations, and provisions for reports to the Commissioner of Corporations, this covering the desired government publicity.

Here are the pertinent points, by sections and part of the dealing with formation and control of corporations:

"Sec. 4. Every corporation formed as herein provided shall have the following powers:

"First. To adopt and use a corporate seal and alter same at pleasure.

"Second. To have succession for the period specified in its articles of association, unless it is sooner dissolved by the act of its shareholders owning two-thirds of its stock, or unless its existence is terminated by reason of some other provision of law.

"Third. To acquire by grant, gift, purchase, devise or bequest, and to hold and dispose of such property, real and personal, as the corporation shall require or find useful in its business subject to such limitations as may be prescribed by law."

"Section 5. If in the original or amended articles of association any informality be found to exist or said certificate be found to contain any matter not authorized by law to be stated therein, or if the proof of acknowledgment thereof shall be defective, the incorporators or the directors of the corporation may, with the written approval of the Commissioner of Corporations, make and file amended articles correcting such informality or defect or striking out or unauthorized matter, and thereupon the commissioner shall issue under his hand and official seal, an amended or corrected certificate, which shall be deemed to be a corporation with the organization and powers in the amended articles of association contained as of and from the date of the issue of the original organization certificate."

DEALING WITH CORPORATIONS.

In dealing with corporations, it reads:

"Holding stock of other concerns."

"Section 7. The articles of association may contain any provision for the regulation of the business and the conduct of the affairs of the corporation, and any limitation upon its powers and upon the powers of its directors or stockholders which does not exempt

(Continued on Second Page.)

LOUIS PAULHAN, THE HERO OF THE WORLD TODAY.

The man who flew practically a mile high yesterday at Aviation Field, marking a world epoch in aviation.

LOUIS PAULHAN, today, is one of the great men of the era, the leader of a new class to be reckoned with, the head of the small group of aviators who have made world history in a few months and present to civilization vast possibilities of power and wonderful performance.

By flying nearly a mile in the air in Los Angeles yesterday, without great effort or apparent danger to himself or aeroplane, he has astonished the world as nothing else could have done. He might have skinned the surface of the earth for days without attracting attention, but to have mounted into the skies with the ease and grace of the eagle, to have swooped down with equal skill, and to have shown that the aeroplane of today can do almost anything expected of it, is in the province only of one skilled in science, daring of purpose, and conquering in accomplishment—a man Napoleon.

The Frenchman is but 26 years old, born in France the same year in which "wing-warnings" was invented. He became an aviator as soon as machines proved practicable, and yesterday proved himself at the head of his profession.

Summary of flights made by Paulhan:

- July 10, 1909, at Douai, France, in a Farman Voisin biplane, 1.24 miles, first attempt to fly.
- July 12, 1909, at Douai, France, in a Farman Voisin, 15m.
- July 13, at Douai, France, in the air of 7m.
- July 15, at Issy, France, made flight of 6m.
- July 17, at Douai, France, made flight of 4m in 1m, 57s, in a race with Bleriot.
- July 18, at Douai, France, made flight for 57m, attaining height of 500 feet.
- July 19, in cross-country flight from Arras to Douai, France, a distance of 12.43 miles, in 22m. 53s.
- July 22, at Douai, France, flight of 42.05 miles in 1h. 17m. 18s. Official distance recorded, 39.93 miles.
- August 6, at Dunkerque, France, flight of 12.4 miles in 4m. 28s.
- August 7, at Dunkerque, France, flight of 23 miles in 1h. 37m. 45s.
- August 22, at Rheims, France, flight of 10m. 30s.
- August 24, at Rheims, France, flight of 18.1 miles in 33m. 12 2-5s, ascending over 500 feet.
- August 25, at Rheims, France, flight 33.17 miles in 2h. 43m. 24s.
- September 5, at Tournai, France, three flights, one with passenger.
- September 9, at Tournai, France, flight of 12.4 miles.
- September 10, at Tournai, France, two cross-country flights in 17m.
- September 15, at cross-country flight from Tournai to Taintes, France, in 1h. 25m.
- September 17, at Ostend, Belgium, flight of 1h. 24m.; 1.24 miles in 3m. 15 3-5s.
- October 30, at Brooklands, Eng., flight of 58m. 30s., and reached height of 720 feet.
- November 1, at Brooklands, Eng., flight of 41 miles in 1h. 14 2-5s.

NO INSURE WORK.

Liberals Promising Employment.

Winston Churchill Gives Details of Board of Trade Plans.

Propose Hundred and Fifty Labor Exchanges to Aid Work.

Lloyd George Says Fifteen Million Dollars Will Be Used.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, Jan. 12.—[Exclusive Dispatch.] A big scheme of unemployment insurance will be the work of the new Liberal government if returned to power. Winston Spencer Churchill, president of the Board of Trade, outlined the scheme in the course of a speech at Glasgow tonight when he addressed two huge meetings.

Mr. Churchill announced that the details of the scheme already had been worked out by the Board of Trade, and said that if the people granted the money the House of Commons would pass a compulsory and contributory unemployment insurance act, which would deal with the affairs of upward of 2,500,000 adult workers, skilled and unskilled alike.

Shipbuilding, engineering and allied trades would first come under consideration, while, side by side with the scheme, facilities would be extended for voluntary insurance, accorded by the state. The new plan would be carried on in conjunction with the labor exchanges which were soon to be opened throughout the kingdom.

These exchanges, Mr. Churchill said, would give labor a scientific market and the advantages which modern science has developed in the labor market.

Chancellor Lloyd George, at Wolverhampton, evidently referring to the same scheme, said that he had put \$15,000,000 in the budget to deal with unemployment, whereas his opponents were trying to maintain a land system which was more responsible for unemployment than any single cause.

He urged the necessity of taking wheat from the market, it could be obtained. "Don't let us," he said, "slam the door in the teeth of Providence and say we won't take it."

RAIFOUR AFTER PREMIER.

A. J. Raifour, the opposition leader, who spoke at York, alluded to the fact that the Premier in his election address practically ignored the question of home rule.

He said it was a subject requiring the attention of all students of politics, one of the greatest problems ever put before the country.

Yet it was brought forward, he said, by the Liberals as an unconsidered item and as an unconsidered scheme of legislation. The Premier had said just enough to make the Nationalists struggle for the return of the Radical party, and had not devoted either the time or the attention which the subject required.

"The more home rule is understood by British audiences," said Mr. Raifour, "the more they are determined to resist it, and its only chance of obtaining a favorable hearing is due to the fact that great home rule controversies are entirely new to the younger generation of politicians."

Referring to the tariff reform, Mr. Raifour repeated that the Tory party was pledged not to increase the cost of food to the poor. He thought that a small duty on wheat, with preference to the colonies, would diminish, rather than increase, the cost of bread.

The Prime Minister at Salisbury tonight dealt with the humor of a situation in which Mr. Raifour criticized omissions in the Premier's election address, whereas Mr. Raifour's own election manifesto gave only a brief paragraph to the subject of tariff reform.

Although the country was within two days of elections, he added, it was left in darkness concerning Mr. Raifour's views on tariff reform.

The women of the country are taking an active interest in the local elections of their candidates.

Election meetings still are the scenes of considerable disorder. One at Brentwood tonight developed a riot in which many persons were injured. BOTH SIDES QUOTE OUR PRICES.

America is playing an amusing part in the British electoral campaign, furnishing facts or alleged facts in support of the arguments of all parties. The Tories are making out that in the protectionist United States living is cheap, that everybody has a job and that salaries are so high that the people may go to the dogs through idleness or go without any and that the streets of the cities are congested with unemployed men.

An article on the price of bread, which appeared recently in a Chicago paper, is read far and wide on the public platforms. The Tories assert that bread is sold in Chicago at 10 cents for four ounces and the Liberals use the article to disprove the assertion.

Advertising columns of the paper (Continued on Second Page.)

THIRTY DAYS FOR FRAME-UP.

Rock Island Stock Trouble Causes Suspension.

Prominent Chicago Firm Implicated in Deal.

Brokers Assert They Acted in Good Faith.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Jan. 12.—(Exclusive Dispatch.)—S. B. Chapin & Co., prominent brokers of Chicago and New York, were today suspended by the governors of the New York Stock Exchange for thirty days for alleged complicity in the recent scandalous stock exchange of Rock Island stock. S. B. Chapin is a cousin of J. Ogden Armour and the firm handles all the Armour trades. F. D. Countess, a member of the firm, is president of the Chicago Stock Exchange. Both men are very wealthy and stand very high in the financial and social world. One of the members of the firm said tonight:

"We received an order to buy 40,000 shares of Rock Island common stock at the opening of the market the day after Christmas and we were told to divide it up among twenty brokers. The man who gave us the order was not drunk, as the reports have had it, and we had received large orders from him before. There seemed to be nothing unusual in this transaction. The order was large, but we have executed larger and we have frequently

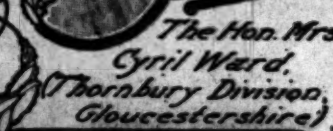

FIGURES OF PROMINENCE IN BUDGET CAMPAIGN.

Mr. and Mrs. Winston Churchill.

Mrs. G.A. Gibbs (Bristol).

Cyril Ward.

LLOYD GEORGE.

British Campaign Posters and Women who are working hard to carry the parliamentary elections for their favorite candidates in local districts. The top picture shows Mr. Churchill in his little hat that has caused considerable comment.

before acted under instructions to give orders out to other firms. We had no notion of a corner in the stock or that the price would be advanced as sensationally as it was. We acted in good faith through the entire transaction and the minute we learned that a committee of investigation had been appointed we went to them and offered the members an opportunity to go over our books."

It is probable that if the Chapin firm had known that the order given was to create such havoc in the market the trade would have been rejected. However, blameless the Chapin house may be in the transaction, all the indications are that the stock exchange in Rock Island was the result of what is known in the market as a "frame-up." A few Chicago traders had the tip to "buy Rock Island for 75 on Monday" before the close of the market on December 24. At least one of them "played the tip," although he did not believe the price would be run up to 75. He bought 100 shares of the stock at 49 1/2 the day before Christmas and when the price reached 28 soon after the opening the day after Christmas, he gave an order to sell "at the market." In less than five minutes he received a report that his stock had brought 74.

STOCKHOLDERS LOSE MILLIONS.

Officials of Defunct Missouri Lincoln Trust Company to Get Half of Investment.

(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS (Mo.), Jan. 12.—(Exclusive Dispatch.)—Stockholders of the Missouri Lincoln Trust Company, which was closed two and a half years ago by the St. Louis Clearinghouse Association, will lose approximately \$2,500,000. It was learned tonight that the entire surplus of \$1,500,000 and the capital of \$3,000,000 will be wiped out by the time the liquidation is ended.

The clearing-house was dismantled with the conditions and management of the institution, and had it closed, at the same time protecting their depositors against any loss. The surplus of \$1,500,000 already has been charged to profit and losses. According to statement issued to the stockholders, there is an assurance of the payment of 50 per cent. of the capital. Although there is a chance, if real estate can be sold advantageously, that the shareholders will realize 50 per cent. of their investment, on a basis of par.

BRITISH POLITICS.

(Continued From First Page.)

are scanned for prices of food and merchandise and the Tories take the for quotations, while the Radicals take the high ones. The Tories assert that black bread is not eaten in any part of protectionist America; the Liberals reply that millions of Americans in the West and Northwest never see any other bread.

Today a manufacturer traveled all the way from East Poplar to obtain facts with which to refute his opponents' estimate of the cost of fresh meat in the United States. He begged the correspondent to give him a recent copy of a St. Paul paper containing a cartoon of a woman pawing her Christmas turkey to go next door and purchase pork at 20 cents a pound. The candidate announced his intention of reproducing in facsimile the bread article as an election poster.

MINERS REQUEST RISE.

Increased Cost of Living Is the Excuse and May Boost the Price of Coal.

(ASSOCIATED PRESS DAY REPORT.)

CHICAGO, Jan. 12.—Cool miners of the United States are preparing to reopen the question of wages after January 20, and a demand for increased pay is expected. It may cause a marked advance in present prices of coal.

The stand taken by the miners that they need higher wages because of the increased cost of living, comes as a part of the general movement of organized labor by the anthracite and railroad brotherhoods. The movement has already spread to include practically all branches of railroad labor.

"It is true that the mine workers will take up the question of wages," said John Fitzpatrick, president of the Chicago Federation of Labor. "It does not see the necessity of higher-priced coal even if the miners get increases. When coal which costs \$7.50 a ton in the United States can be bought for \$2.25 a ton in Canada, there is something more than wages boosting the price."

The coal men take a different view. They cannot figure how the miners can be paid more money and coal remain at former prices.

INCREASE OF STOCK.

Regarding changes corporations may wish to make, the bill reads:

"Section 21. Any corporation formed hereunder may, with the approval of the Commissioner of Corporations, by the vote of the holders of two-thirds of the stock of such corporation, increase its capital stock to an amount in excess of the limit fixed in its original articles of incorporation, and an increase of the capital stock of such corporation other than or beyond the limit fixed in its articles shall be made, except in the manner herein provided."

In section 22 of the bill, it says that every holder of capital stock in any corporation formed under the bill is cash shall be personally liable to its creditors to an amount equal to the amount unpaid on such stock held by him; that the stockholders of every corporation shall jointly and severally be personally liable for all debts due and owing to any of its laborers, servants, and employees, other than directors, for services performed by them for such corporation.

An interesting feature of the proposed bill is that corporations now holding a majority—or if they acquire a majority before the bill becomes a law—in other concerns may retain control in such cases, but after the bill is enacted into law it prohibits the control of one corporation by another thereafter being negotiated.

MINERS' FEDERATION DEIFIED.

DEADWOOD (S. D.), Jan. 12.—(Exclusive Dispatch.)—Thirteen principal mining companies of the Black Hills today combined and issued notice to employees that hereafter only non-union men are to be employed. They also strongly urge all business interests to support them and declare against the tyranny of unions, the intention is to permanently establish non-union labor conditions.

Nearly nine hundred men are affected, exclusive of the Homestake, which heads the list of companies. All companies that were operating closed down and will now inaugurate a card system, and it is estimated that one-third of the men are now ready to sign up, while many others are leaving the country.

SUGAR COMPANY DIRECTORS CHAMPION MAN "HIGHER UP."

Officials of American Company Issue Statement Denying That Any Officer Is Responsible for "Doctoring" Scales on the Williamsburg Dock and Assert That Concern Holds no Monopoly.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Jan. 12.—No attempt whatever has been made to shield any one, and your board has no reason to believe, and does not believe, that any officer or director of this company had any knowledge of, or participation in, this fraudulent underweighing.

This was the answer made by the board of directors of the American Sugar Refining Company today to the charges that some "higher up" in the so-called sugar trust was responsible for the use of "doctored" scales on the Williamsburg dock by which the United States was defrauded out of more than \$2,000,000 in duties.

Stockholders of the American Sugar Refining Company met in Jersey City today, and the company's position with regard to the sugar underweighing was made known in a report of the board of directors. The majority of the board, it is held in New England. In answer to the charges that some "higher up" in the monopoly in the sugar trade, it was said that no more than 45 per cent. of the sugar consumed in the country is refined by the American company. The company has no agreement, direct or implied in regard to the fixing of prices or the regulation of production, and the company meets with the keenest competition, the directors state.

Concerning the present litigation with the government, the board said: "No extended or adequate reference can be made at this time to the litigation against your company and some of its employees, for the reason that these matters are still the subject of judicial inquiry."

Indication that the American Sugar Refining Company has relinquished its interest in the American Beet Sugar Company was furnished by the former company's formal report. The list of property in which the American Sugar Refining Company has ownership is given, but no mention is made of any interest in the American Beet Sugar Company, a large minority stock interest in which was formerly held by the American Sugar Refining Company.

With the swearing in today of a new Federal grand jury came the prospect of further developments in connection with the sugar underweighing frauds. Possibility of happenings of this nature will be observed, accompanied by the fact that the annual meeting of the stockholders of the American Sugar Refining Company is held today. One director has already resigned.

It is expected that the new body of Federal investigators will endeavor to place responsibility for the admitted frauds upon shoulders other than those of the humble checkers now in the Blackwell's Island penitentiary.

CONDOLENCE.

LIVESTOCK MEN INDORSE PINCHOT'S ADMINISTRATION.

(ASSOCIATED PRESS NIGHT REPORT.)

DENVER, Jan. 12.—The high-minded and excellent administration of Gifford Pinchot was indorsed in a resolution presented before the National Livestock Association today. The resolution demands a continuation of Pinchot's policies and urges Federal control of public grazing lands. Other resolutions introduced commended the work of the Department of Agriculture, "under the leadership of the honorable Mr. Gifford Pinchot," and the elimination of the Payne tariff law and the elimination of the Payne tariff law and the elimination of the Payne tariff law.

A strong plea for the scientific use of the open range was made at the afternoon session by Dwight B. Heard of Phoenix. He declared that forestry, irrigation and grazing were inseparable, and that the only hope for grazing using the public lands was in Federal control of the open range.

The indorsement of the Pinchot administration will meet with violent opposition from the Colorado delegates. The Tambo, royal commissioner of livestock industry in Japan, spoke at the livestock industry in Japan.

Superb Routes of Travel.

INFORMATION BUREAU
 Times Branch Office, No. 221 South Spring.

NEWS AND BUSINESS.

W.G.T.U. Meeting.
 The Los Angeles W.G.T.U. will meet this afternoon at 2 o'clock at the First M. E. Church, Mrs. E. J. Bates will address the meeting, telling "Why Every Woman Should Wear the White Ribbon."

Voluntary Bankruptcy.
 Charles Frederick Kauffer, a contractor, filed his voluntary bankruptcy petition in the United States District Court yesterday. His stated liabilities are \$125, and assets \$145, which are exempt.

Judge to Speak.
 Judge Wilbur will address the Parent-Teacher Association of the Avenue 21 school, Friday evening, in the John E. Paul Hall, Avenue 31 and North Broadway. His subject will be "Helping the Children to Do the Right Thing."

Hebrew Evangelist Tonight.
 "The Jews, Their Past, Their Present and a Glimpse into Their Future," is the title of a lecture to be delivered tonight by Mark of the Hebrew evangelist, in the auditorium of the Young Women's Christian Association. The public is invited to hear him. Courtesy for visitors.

Chamber of Commerce will extend
 courtesy to the delegation of San Francisco business men who will reach here Saturday morning in a special train. As the time of the visitors will be pretty much occupied, it is not probable that a formal reception will be held in their honor.

Dr. Jordan's Peace Lecture.
 Dr. David Starr Jordan, president of Stanford University, will deliver his lecture, "The Human Harvest," in the auditorium of the Polytechnic High School, on Monday evening, February 1. The lecture has been arranged by Robert C. Root, secretary of the Southern California Peace Society, and will be free to the public.

Angeleno "Getting There."
 Elmer Donnell, who grew from boyhood to manhood in this city, is a cartoonist on the St. Louis Globe-Democrat. He is gaining prominence in his work, and recently attracted attention by a cartoon contributed to the "Looking Forward Edition" of the Muesette Journal. His Los Angeles school-boy friends will be pleased to learn of his success in his chosen calling.

Worshipers' Lectures.
 James H. Westendorp delivered a lecture last night in Vincent Methodist Church. The lecture, entitled, "Established and Perpetuated by the Government," the speaker said, is responsible for the making of a drunkard. Tonight he will speak in the Second Presbyterian Church, Daily street and Downey avenue, and the public is invited to hear him. The lectures are all free.

For Two Channels.
 Chief Leeds, Engineering Corps, U. S. A., has completed a report to the War Department in reference to two channels in the inner harbor. Each is to be 200 feet wide and twenty feet deep. Both begin at the turning basin. One will extend in a northeasterly direction to the east line of the east basin, and the other in a northerly direction to the north line of the west basin.

Holds Fourth Place.
 Los Angeles stands fourth in a list of fifty large cities in the amount of gain in her postal receipts for December, 1933, as compared with the corresponding month, 1932. The gross receipts at the local office last month were \$164,625.14, a gain of 22.79 per cent. Seattle was next in line of the Pacific Coast cities, with 22.45 per cent. San Francisco made a gain of 9.83 per cent. The only cities in the list of fifty to show a greater gain than Los Angeles are Minneapolis, Providence and Richmond.

Membership Swells.
 At yesterday's Chamber of Commerce directors' meeting, the following were admitted to membership: Mettler Investment Company, Shepherd Optical Company, Firmin Miramon, L. E. Hillen & Co., Parrott & Co., Weber-Dillon Company, Packham Bros., Dixon Art Glass Company, T. J. Carlgren, Dr. J. Rollin French, C. J. Balbridge, H. B. Duncan, Alta-Cresta Groves, Edward J. Borgmeyer, A. R. Massey, William J. Gunn, San Dims Lemon Association, Pennsylvania Rubber Company, J. Burris Mitchel, Harris & Eyre Company.

Municipal Concert Today.
 The Municipal Band will play in Central Park today at 2:30 o'clock p.m. The programme is as follows: Polonaise Militaire, Chopin's "Wine Woman and Song," Waltz, Strauss, Scotch Medley, Cavallini, piccolo solo, "The Nightingale," xylophone, "A Garden Matinee," Friml: Overture to "Marta," Flauto; Parody on "The Arkansas Traveler," Loberg; "Catachouque" (Fantasy on a Comedienne); Dargomizky; "Narcissus," Nevin; Polka, "Fairy Land Chimes," Dunkler.

Chamberlain's Cough Remedy is not a common, every-day cough mixture. It is a meritorious remedy for all the troublesome and dangerous complications resulting from cold in the head, throat, chest or lungs—(Adv.)

BREVITIES.

Why play waiter at cafeteria with no tips when you can get a good meal for 25 cents, both at the Hotel Ross and Natick House? Sunday evening dinners 35c. Hart Bros. props.

Charles Albert Colbran, an Englishman, has inherited property in England. See advertisement under personal column.

VITAL RECORD
 BIRTHS, DEATHS, MARRIAGES, DIVORCE.

In Memoriam.
 [Under this caption The Times will accept for publication, its regular rate of 3 cents per line, anniversary notices in commemoration of death.]

CARNEY. At his late residence, No. 184 West Twenty-third street, William Carney, January 11. Funeral services at St. Vincent's, 530 S. Broadway, January 12.

To this short notice of the passing of a soul, friends and acquaintances are invited to attend the funeral services of the late William Carney, at the residence of his wife, Mrs. Carney, 184 West Twenty-third street, on Friday, January 12, at 2:30 o'clock. The interment will be in the Hollywood Cemetery.

For many years he was connected with the telephone company, and was a member of the telephone union. He was a kind, thoughtful, patient gentleman, and was loved by all who knew him. He was a native of California, from his birth to his death. He was a member of the telephone union, and was a member of the telephone union.

Method and exactness characterized all his business dealings, and he was a man of high character and high standing in his community. He was a man of high character and high standing in his community. He was a man of high character and high standing in his community.

Deaths.
 HEDGES. At Long Beach, January 11, Warren T. Hedges, aged 72 years. Funeral from All Saints' Church, Pasadena, Wednesday, January 12, at 10 o'clock.

ELECTS OFFICERS.

Chamber of Commerce Selects Those Who Will Guide Its Fortunes for Year.

The Chamber of Commerce held its annual election of officers and chairman of the standing committees yesterday. The following were unanimously elected by ballot: President, Joseph H. Scott; vice-president, H. L. Lee; second vice-president, Walter Raymond; treasurer, William D. Stephens; chairman Committee on Commerce, Willis H. Booth; Agriculture and Horticulture, F. Q. Story; Manufacturing, Jud Saege; Mercantile Affairs, Louis M. Cole; Mining, H. Z. Osborne; Transportation, J. V. Vickers; Publication and Statistics, Walter Lindsey; County and Municipal Affairs, Harry P. Callender; Hotels, John S. Mitchell; Finance and Auditing, George E. Eltinger; Building and Exhibit, E. E. Bosbyshell; Immigration, J. E. Fishburn; Boulevards, Parks and Roads, Percy H. Clark; Expositions, Arthur W. Kinney; Membership and Grievances, Carl E. McStay.

TO SEE THE SIGHTS.

EXCURSION TO THE OIL FIELD.

BAKERSFIELD WOODMEN PLAN A BOOST OUTING.

Maricopa Board of Trade Will Co-operate in Making the Affair a Success—Many Will View the Great Gushers—Union to Start Twenty Rigs, It Is Reported.

BAKERSFIELD, Jan. 12.—The institution of thirty or forty candidates in the Woodmen of the World camp at Maricopa on Sunday, the 23d inst., will be the occasion of an excursion to the west side of oil field under the auspices of the Bakersfield camp. A large delegation of Woodmen and many Bakersfield people will take advantage of the excursion to visit the oil field and make note of the recent extensive development work there.

Members of the Maricopa Board of Trade said today that their organization would cooperate with the Woodmen in showing the excursionists over the field. The Maricopa citizens are always hospitable entertainers, and a present keen rivalry between Maricopa and Moorhead will act as an additional spur to make the people of the former place exhibit its attractions to the best advantage.

NEW WELLS.

In addition to the great gushers of the Wellman, Ethel D. and Santa Fe, the Standard has just brought in an 1800-barrel well to add to the sights of great interest in the Sunset field.

It is reliably reported that the Union Oil Company has given orders to put seventy rigs at work in the Sunset field, developing the territory which the company leased a year ago from the Jewett & Blodgett Oil Company. The starting of seventy rigs will mean the development of at least 10,000,000, and will immensely increase the business in the town of Maricopa.

LARGE TAX REDEMPTION.

Arrears Paid Up on Largest Beet Sugar Farm in the World—Visalia News.

VISALIA, Jan. 12.—Two of the largest tax redemptions in the history of Tulare county were made today by the Tagus Ranch Company, involving a sum of \$2424.23. The property consists of sections 16, 17, 18, 19, 20 and 21 of township 13, range 24 east. This ranch has been for the last few years the largest beet farm in the world and has been the main source of supply of beets for the Visalia beet sugar factory.

Tulare county Board of Education has passed a resolution making it necessary for all applicants for teaching to first pass an examination in this county.

W. Carter of Los Angeles has associated with J. W. Rosabrook of Palo Alto and the two have opened up in Visalia as a firm of architects.

Dr. H. M. Hunter, former county veterinarian and well known throughout Tulare county, was stricken with paralysis at his home in this city yesterday. The stroke was a mild one, but his condition is said to be serious.

Dr. E. R. Hanlon, a practicing physician of Hermosillo, Mex., is a late arrival at the Hollenbeck.

John A. Hernandez, a mining man of Mexico City, is spending the week at the Angeles.

W. H. Chadney, a hotel proprietor of Tia Juana, Mex., is at the Hayward.

R. K. Clancy of the Consolidated Copper Company, Cananea, Mex., is registered at the Van Nuys with his wife.

\$15-\$20-\$25

Take Your Choice

geles, and advertising mediums which have their chief circulation in the Middle West.

Porterville is to have a fine fire department. At a meeting of the City Council a resolution of intention was introduced, calling for a bond election to be held as soon as the legal formalities can be fulfilled. It is universally admitted that the bonds will be carried.

CHORAL SOCIETY.

Sixty vocalists at Price Hall last evening took the first steps toward forming a choral union, the object of which will be the rendition of standard and classical songs during the winter months. There was elected a board of directors, with power to engage a musical director and other officers. It is planned to give the first concert early in May, and the proceeds of the entertainment will be devoted to some charitable object.

COSTLY.

That prosecutions made by the County Humane Society are costly in the extreme, was the point brought out at the meeting of the directors of the organization. A case in point was the recent prosecution of a Kingsburg butcher, which cost the society more than \$100, and less than \$25 was returned in fines. As the county, under new laws, has the power to pay the expenses of successful prosecutions, a petition will be sent, asking that the supervisors audit and pay such bills in the future.

Members of the Street Committee have ordered the City Engineer to submit plans and estimates for the repaving of the main portions of the business district.

PERSONAL.

Dr. and Mrs. O. C. Foster, well known in social circles of San Francisco, are guests at the Van Nuys.

M. C. Stearns, a haberdasher of Chicago, is spending a few days at the Lankershim.

C. H. Wilkins, a manufacturer of rubber goods of Elmhurst, O., with his wife, is registered at the Nadeau.

Dr. E. R. Hanlon, a practicing physician of Hermosillo, Mex., is a late arrival at the Hollenbeck.

John A. Hernandez, a mining man of Mexico City, is spending the week at the Angeles.

W. H. Chadney, a hotel proprietor of Tia Juana, Mex., is at the Hayward.

R. K. Clancy of the Consolidated Copper Company, Cananea, Mex., is registered at the Van Nuys with his wife.

J. Meadows, Deputy sheriff of Imperial county, is a late arrival at the Nadeau.

George Lelsander, a horseman and member of many clubs, registered yesterday at the Lankershim from St. Paul. Mrs. Lelsander is also here.

E. A. Anderson, a cattleman of Linton, S. D., traveled here to view the events of the aviation meet. He is at the Hollenbeck.

A party of Fresno people, registered at the Alexandria for the week is made up of Dr. and Mrs. J. L. Maupin, Dr. and Mrs. M. Thomas and Mr. and Mrs. L. L. Coay.

Pleasant, Refreshing, Beneficial.

Syrup of Figs and Elixir of Senna appeals to the cultured and the well-informed and the healthy because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In its production a pleasant and refreshing syrup of the figs of California is united with the laxative and carminative properties of certain plants known to act most beneficially on the human system, when its gentle cleansing is desired. To get its beneficial effects, always buy the genuine, for sale by all reputable druggists; one size only, price fifty cents a bottle. The name of the company—California Fig Syrup Co.—is always plainly printed upon the front of every package of the genuine.

January Muslinwear Sale

This January sale of undermuslins was planned months ago; quantities being bought before prices advanced so materially. We secured sample lines of high-grade undermuslins, among them being the well-known La Grecque tailored, and the Home Made brands, the latter being made entirely on lockstitch machines, in sunny, sanitary factories, and the only make of muslinwear trimmed in materials so closely imitating French hand embroidery as to make it difficult to detect the difference.

To set such garments as these at much below real, honest worth is extraordinary good luck, indeed.

Initialed Handkerchiefs For Little Money

We're selling real hand-embroidered initialed handkerchiefs just now at a price which is inducing spirited buying on the part of women who know values:

Some ten different lines of initialed handkerchiefs, most of them hand-embroidered—such well-known lines as Sunspun, Ardennes and others—at the very special price of 25c.

And we have the very best all-linen handkerchiefs in town to sell at ten cents apiece, or a dollar a dozen.

Cross-barred lawn handkerchiefs, which many women prefer to linen, on special sale at, each, 5c.

Staple Hosiery And Three Bargains

Here is news of staple hosiery, and of three special bargains for those of you who appreciate just such worth-while savings:

Wayne-knit hosiery, for women and children, here in full assortment! children's at 25c and 35c; women's, 50c pair. Buyable in tan and black.

Women's black hosiery, with split white feet, are just now on special sale at 3 pairs for \$1.00.

A good range of sizes in black embroidered hosiery thread hose, specially priced at 40c.

And good choosing, still, among the pure silk, self-embroidered hose, in colors, at the special price of \$2.00.

Variety Unequaled in Gloves

We don't confine our glove selling to any one line, but have representative showings from some dozen or more of the foremost glove makers of the world. This gives variety unequaled, and permits selection of just the shape and leather best suited to every individual.

In gloves at a dollar fifty we show five different makes; and likewise with those at \$2.00; in all cases, quality is pre-eminent. Gloves may be bought here from French, German, Italian and the best-known domestic manufacturers.

We fully guarantee, and carefully fit, every pair of gloves we sell.

Tailored Garments to Measure

Many of our regular customers came to this Tailoring Section the first time out of pure curiosity. They didn't believe that we could do really first-class tailoring—hand work, etc.—and charge as little, for instance, as thirty-five dollars for it. We've convinced them; we'd like to do the same for you:

From black or colored serges and smart chevots, we will make to your exact measure skirts with mohair braid and tailored belt, in plain or pleated style, complete for \$10.50. And from the finest selected imported suitings, Venetians, broadcloths, panamas, hop sackings, basket weaves, homespuns, diagonals, worsteds, etc., in light or dark shades, we will make suits in newest styles, lining coats with Skinner's, all silk serge, or "400 Special" linings, for the low price of \$45.00.

And we make suits at many other prices, depending entirely upon the material you select; in every instance, guaranteeing every detail of workmanship, fitting, etc.

FINE BIPLANE STRIKES CURB.

Scientific Local Machine Meets Accident.

Pilot Plans Surprise Trip, But Start Fails.

Secretly Built at Cost of Eight Thousand.

What was planned as a record-breaking airplane flight ended against a curbstone on Pico Heights, near the end of the Pico-street car line, yesterday afternoon, when the biplane designed by Dick Myton, No. 916 West Seventh street, was wrecked before leaving the ground on its trial trip. The machine was damaged to the extent of about \$500.

Myton had confidently expected that his airplane would make a world's record for a first ascent, as he thought the automatic lateral stability of the biplane would make flying safe and sure as soon as the machine had left the ground. He planned to circle from Pico Heights across country and descend on Aviation Field.

Instead of rising gracefully, as the inventor had planned, the beautifully-constructed biplane failed to keep in

his flight. As there was no steering gear for ground work, the airplane was pointed straight down the street, and the inventor climbed aboard. A test of a few feet showed that the machine had a slight tendency to turn to the left, but Myton expected that he would clear the ground before running to the side of the road.

T. J. Carrigan and George Otis, who backed Myton financially in his enterprise, are understood to have put nearly \$8000 into the machine. The construction of every detail is about as perfect as care and money could make it. Carrigan and Otis are confident that the airplane will fly successfully, and will see that the machine is at once repaired and given another trial. It is expected that the necessary repairs can be completed before the end of the Los Angeles aviation meet.

SCIENTIFIC DEVICE.

The biplane is in many respects similar to those which have already made successful flights, and appears to be constructed in a very scientific manner. The two main planes are 22 feet, with the peculiar device by which the inventor expects to maintain automatic stability showing prominently in the middle of the rear of the plane. This device brings the rear edges of the planes to a ridge at the center, resembling the roof over a dormer window. The air currents forcing up into this ridge, and the position of the pilot on the lower plane, are expected to give an absolute stability. The wings are placed at slight dihedral angles, further maintaining stability. The engine is twenty-five horse power, four-cylinder. With the two propellers, which are placed one before and one behind the center of the main planes, revolving at 1400 revolutions a minute, a thrust of 210 pounds is secured. The pilot sits in the middle of the lower plane, just under and a little in the rear of the motor. No front control is used, both rudder and elevator being combined

Los Angeles, and judging from the plaudits showered upon this daring aviator, the spectators are infatuated with the "bird-man."

By 10 o'clock yesterday morning M. Paulhan and his corps of mechanics were tuning the new biplane. The machine was to make its first flight in the afternoon. Paulhan was determined to make a flight for records in the morning before the crowds arrived. The conditions for aerial achievement were ideal. Only the urgent pleadings of Manager Cihary dissuaded Paulhan from climbing skyward.

Glenn H. Curtiss quietly smiled when he heard the announcement of Paulhan's record flight. The "lark" aviator is tuning his engine and adjusting his machine to concert pitch when the motor is right and conditions are most favorable Glenn Curtiss is going to make an impression on the map of records. He never boasts, talks less, but his manners indicate action of the sensational kind when the time is ripe.

President Cortlandt Field Bishop of the Aero Club of America declared yesterday the people of Los Angeles have yet to witness the tremendous importance of the aviation meet now in progress. "The eyes of the entire world are upon the Los Angeles contests," said President Bishop, "and the ears of the earth are eagerly awaiting the results yet to be recorded by the contestants in the coming contests."

Clifford B. Harmon is now a full-fledged aviator, having acquired this distinction by flying his Curtiss biplane for a brief moment late yesterday afternoon. Just as the crowds were rushing for the cars and in the deepening dusk, the New York enthusiast, who with Mrs. Paulhan and her party had sailed in the New York balloon from the balloon field, started his Curtiss machine up the course, and the airplane raised on its ground for nearly 100 feet.

Interest in the aviation contests is increasing in proportion. The attendance has increased from 15,000 to

main ticket office will not be known until some time today.

All day special trains ran out of the Sixth and Main station, packed to their capacity, while reports from the outlying towns in regard to the through trains run show that the business has more than doubled since Monday.

Long Beach alone is sending more than 2000 persons to Aviation Field every day.

In preparation for today's traffic the ticket office made a requisition for \$5000 in dimes and nickels alone for change at the Pacific Electric building, while there is the same ratio of demand at the outlying offices.

As this is Pasadena Day, after 11 o'clock through trains will be run to Aviation Field from the Crown City station as long as there is traffic to warrant it. Every car possible on the company's lines has been pressed into service. A Tilton Trolley train has been running regularly on the Pasadena Short Line carrying the regular passengers, and with every day the problem of handling the crowds is on the minds of the officials.

The inland trade of the Southern Pacific is picking up rapidly, and if the present weather keeps up the daily traffic will reach more than 50,000 persons to Dominguez station before the end of the week for the two lines. There has been misunderstanding at the ticket offices in regard to the fare. The round-trip rate to Huntington Park from Los Angeles is 50 cents, while to Dominguez it is 20 cents.

MONROVIA.

RAID MADE ON A HOBO CAMP.

ONE "WEARY" IS ACCUSED OF AN ATTEMPT AT BURGLARY.

Six Get Employment on the County's Rock Pile—Duarte Mutual Irrigation Company Elects Officers for the Year and Makes Gratifying Report on Business.

MONROVIA, Jan. 12.—In a roundup of hobos last night, seven were herded into the municipal corral. Six received the "arm-and-hammer" brand and were sent to the county rock-pile. One who is charged with an attempt at burglary will have his hearing before Justice J. B. Holloway tomorrow morning.

The hobos established a camp in a box car on the Southern Pacific siding yesterday and at once began a systematic canvass of outlying residence districts. Within a few hours a score of complaints were lodged against them because of their impudence and effrontery. They descended on the city in a swarm.

Stockholders of the Duarte Mutual Irrigation Company held their annual election of officers yesterday. About 70 per cent of the total vote was polled. Arthur S. Church was chosen president and William Bacon secretary and treasurer. The company owned and operated the flow of the San Gabriel River, two thoroughly equipped pumping plants of 500 inches capacity for use in emergency, and a considerable acreage of land for future development. The water supply is one of the best in Southern California, the 120 shares being apportioned over less than 1000 acres.

DECISIVE BATTLE NEAR BLUEFIELDS, Jan. 12.—Gen. Chamorro telegraphs that a decisive battle will be fought at Acopya. His message, now made public, was sent on Monday last. At that time 3000 provisional with twenty cannon and eight rapid-fire guns had been concentrated in the territory. He is credited with having more notches on his gun than he had fingers and toes.

NOTED MAN-HUNTER DIES.

MUSKOGEE (Okla.) Jan. 12.—[Exclusive Dispatch.] Ross Reeves, for thirty years a deputy United States Marshal in the Indian Territory, died here tonight. Reeves had the distinction of being the most noted man-hunter in the Territory. He is credited with having more notches on his gun than he had fingers and toes.

NO WONDER SHE'S CROSS.

The woman who has a thousand petty cares and annoyances while she suffers with headache or sideache must not be blamed if she cannot always be angelically amiable. What she needs is thoughtfulness from her family and such a simple and natural remedy as Leach's Family Medicine, the herb tea that makes weak women strong and well. Sold by druggists and dealers, 25c.

AN EXTRA PAIR OF TROUSERS.

acts on a suit as an extra horse acts on a wagon. You can go twice as far with it and look twice as well. It has an astonishing reserve force of spruceness. It eliminates cleaners' bills and the unpurged feeling. It makes a 25 per cent saving on your suit.

Suits With Trousers in Duplicate, \$30 to \$50.

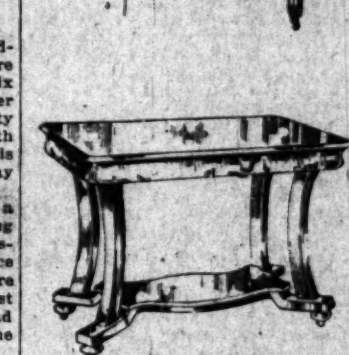

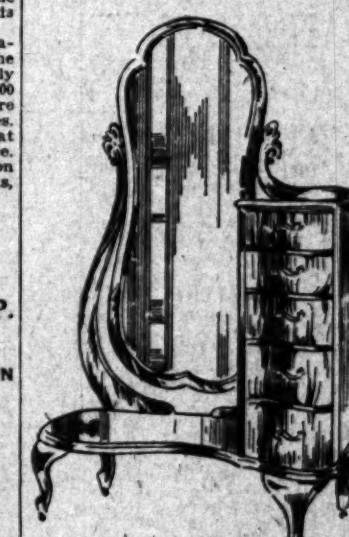

Every fabric in the house, even the new medium weights.

SPLENDID WORK IS DONE BY AVIATION COMMITTEE.

SECRETARY J. F. ZIEHMANDE-
LAAR, of the Merchants' and
Manufacturers' Association, was
able to announce last night that suc-
cess is in sight in a business way, and
that if the weather keeps up and the
attendance shows the same increase the
latter part of the week, the Aviation
Committee will be able to pay all ex-
penses and return at least a part if not
all of the subscriptions to the fund.
The success of the fund is a
distinct triumph for the Aviation Com-
mittee and exceeded all expectations,
not only from opening day receipts
but the success attained by Paul-
han and Curtis, especially the former.
"The public cannot realize the
amount of labor and brain work that
has been required of the members of
the committee to make this meet what
it is," said Secretary Ziehm, last
night. "All of those connected with
the committee is any way have
worked day and night. We have ex-
hausted all our resources and were
at the disadvantage that we had no
precedent upon which to pattern our
plans, and each feature had to be
met as we went along and worked out
as best we could."
"The committee, when it saw its
way clear, worked out the plans with
great care, and so far have proved
satisfactory. We have met with
considerable heavy expense

Federation of Women's Clubs met in
this city this morning, with delegates
present from nearly all the federated
clubs. Following the formal welcom-
ing addresses and responses, came the
reports of the officers, led by the
president, Mrs. Thomas J. Pugh of
Yuma. In the evening the Old
Pueblo Club the attending delegates
were tendered a reception by the
Woman's Club of Tucson.
Among the subjects for discussion
during the convention are listed "Civic
Improvement," "The Operation of the
Juvenile Court," "The Value of
Literature," "What do the Women Want in the
Provisions for Statehood?" "The Place
of Art in Club Work," "How Clubs May
Increase the Influence of Libraries
in a Town," "The Increased Cost of
Living," "The Great Plague,"
"A Cleaner Dress," and "The Value
of Systematic Study of One Form of
Literature."
Tomorrow evening the delegates will
be addressed by President Babcock of
the University of Arizona on "The
By-Products of Reform." Attending
the convention will be Mrs. Josiah Evans
Cowie, of Los Angeles, vice-president
of the general Federation of Clubs,
who will address both the convention
and the students of the local High
School. Territorial Historian Sharlot
M. Hall will lead the discussions
touching upon history and its study.
A Randolph system surveying party
is working up the San Pedro River
from Winkelman to Benson, laying
out the line of a Southern Pacific
short-cut line to connect the Colo-
rado-Arizona road with the Mexican
West-Coast system. Since the aban-
donment of construction work on the
Gleason-Naco extension of the South-
ern Pacific, there has been a general
idea that the main Mexican connec-
tions from the north would be through
Jensen for northern and eastern busi-
ness and through Tucson for business
to or from California.
A novel incorporation, of which pa-
pers have just been filed in Tucson is
the "American Aerial Commercial
Company of Los Angeles." It is cap-
italized at \$1,000,000, with dollar shares.
Beside the doing of a general com-
mercial business, its charter recites
that it is to construct, operate and
navigate aerial craft in any part of
the world and is to build and deal in
docks, wharves and slips for aerial
craft in any part of the world.
A general prohibition crusade has
been started in Tucson, led by "Tom"
Murphy and backed by all the Protes-
tant ministers.
Lester Disney, aged 25, a student at
the University of Arizona, has been
given the coveted "Hodges scholarship"
awarded to Arizona. He is a Kansan,
with two years' schooling in the Uni-
versity of Kansas before coming to
Arizona. In June he will receive from
the local university the degree of Ph.D.

"WHITE SLAVE" BILL PASSES.
House Passes Draconic Law to Prevent
Traffic in Immoral Women and
Punish Offenders.
[ASSOCIATED PRESS NEWS REPORT.]
WASHINGTON, Jan. 12.—By a viva
voce vote the House today passed the
Bennett-Sabath "white-slave" bill.
The "white-slave" bill is the result
of an investigation of traffic in alien
women made by the National Immi-
gration Commission. Provision is
made for the deportation and exclu-
sion of immoral aliens and for the
prosecution of traffickers and their
procurers. Traffic in immoral women
becomes subject to the restrictions of
immigration laws. Immigration laws
are amended so as to exclude persons
who are supported by or who receive
proceeds from the prostitution of
immoral women, and to provide for
the criminal prosecution of persons
who shall harbor aliens for the
purpose of prostitution, and for the
prosecution of anyone who procures
immoral women for the purpose of
prostitution. The measure makes it a
crime punishable by a fine of not more
than \$10,000 and imprisonment for not
more than ten years for any person to
procure a ticket for any person to go
from one State to another to engage
in prostitution.
NEGRO KILLS POLICEMAN.
LEAVENWORTH (Kan.), Jan. 12.—
[Exclusive Dispatch.] Jenks Proctor,
a negro, shot and killed Policeman
Warren d'Vinnish and wounded Pol-
iceman Patrick Sweeney while resist-
ing arrest this afternoon. The shooting
caused great feeling and there were
threats of lynching. Proctor and
Murray, a negro in the County Jail,
were convicted of assaulting a
police officer last summer. In order
to prevent further shooting and pos-
sibly race riot the sheriff and city officials
quickly rushed Proctor and Murray to
the Kansas penitentiary in an auto-
mobile before dark, where they will
be held until the feeling dies down.
The Meadows Valley negro being
trouble with Proctor over
stealing from a cash drawer and they
were shot and killed at each other in
a street duel in the Tenderloin district.
None of the shots hit. Proctor ran in
to a house of 12 feet and when the
policeman went in the place to make
an arrest Proctor shot Policeman
d'Vinnish twice, once through the
head and the second time through the
heart. After this Proctor stepped out
of the house to shoot more policemen,
when one of them slipped up on him
and placing the gun to his head made
him surrender.
CHARLES HEAD DEAD.
NEW YORK, Jan. 12.—Charles
Head of the Stock Exchange firm of
Charles Head and Company, dropped
dead of apoplexy in the firm's office
in the Mills building today. Mr.
Head had long been a member of the
Stock Exchange. The headquarters of
the firm are in Boston.

HOUSE REPORTS.
SALT LAKE IS
IN BAD SHAPE.
OUTSIDE STORIES OF DAMAGES
ARE UNCONFIRMED.
Dispatch from Mormon Capital As-
serts Through Traffic Will Not Be
Resumed Until September and That
Route Will Have to Be Changed at
Great Expense.
[BY DIRECT WIRE TO THE TIMES.]
SALT LAKE CITY, Jan. 12.—[Ex-
clusive Dispatch.] Advice from the
flooded district of the San Pedro, Los
Angeles and Salt Lake route filter in
slowly. It is now known that ninety-
three miles of track are washed out
and that the road is, in fact, practi-
cally ruined in long stretches. All trains,
except local, have been abandoned.
These include the Los Angeles Limited,
running to Chicago, one of the palatial
trains of the country. There were
formerly twenty-four passenger trains on
the Salt Lake route schedule. Now one
train serves to Garfield, a smelter town
near Salt Lake; another runs into Too
Nile county, also near Salt Lake, and
the southern part of the State is served
with a combination freight and passen-
ger train.
All the train crews, engine men and
others in the operating department of
the system have been laid off, except
those who are actually needed to op-
erate the trains, and all officials below
general freight and passenger agent.
It is announced that there will be no
through schedule before September. It
is conservatively estimated that it will
cost \$14,000,000 to rebuild the line, which
must be run a different route and one
which detours the Meadows Valley wash.
The washout of three years ago en-
tangled a loss of \$2,000,000 and delayed
traffic only four weeks. The damage
brought by the present is so stupe-
pendous that the officials themselves
cannot give comprehensive details.
"All the available steel on the Oregon
Short Line and other Harriman sys-
tems in the West will not be sufficient
to provide material for temporary
tracks."
REPORTS EXAGGERATED.
TRAFFIC MANAGER TALKS.
F. A. Wann, general traffic man-
ager, said last night: "There will be
no way of knowing what the cost of
the rebuilding will amount to until
Chief Engineer Tilton returns to the
city from the front. He is expected
in the latter part of the week and
his report will be made to the execu-
tive department."
"I do not believe the rebuilding of
the road will cost within \$10,000,000 of
the Salt Lake estimate. Tilton is the
man who knows and he has not re-
ported, neither has he been in Salt
Lake. There are plenty of wire stor-
ies going about that cannot be traced
to definite foundation of facts."
"It is barely possible that it will
take until September to rebuild the
line, but the question of steel is a
simple one in comparison with that
of other questions. The rails along
the Meadows Valley wash could be
smoked out and used again if neces-
sary. They are all good seventy-five-
pound rails. There probably is plenty
of rails to be had either from the
mills or from other roads if our sup-
plies are not great enough."
Nothing daunted by the wash-out,
the Salt Lake is still working on the
building of the Las Vegas shops and
are finishing the expenditure of the
\$200,000 estimated for the new plant.
It was officially given out by Vice-
President J. Ross Clark's office yes-
terday that the shops would be ready
for use the day the track was open,
and that the floods would have no ef-
fect upon the plans of the read at
Las Vegas. Some 200 men will be
put to work there when the line is
opened up.
A mixed train carrying sleepers and
freight cars left Los Angeles last
night for Moapa. This train will run
daily.

DENNIS O'BRIEN THE IRISH TAILOR No. 2 222 SOUTH SPRING STREET

I HAVE BEEN A TAILOR ALL MY LIFE. I have been only in one large city in this country, and that is New York. I have made, cut and fit clothes for all the swell dressers. My experience is one price, and that price you can make a suit and overcoat to suit and please your trade. I never cut or made a suit or overcoat for less than \$50.00, and I never will. I want the kind of people that know what good clothes are. You can't make a suit for less and give entire satisfaction. I have worked for the nobles and I have worked for the Four Hundred, now I am in Los Angeles to work for you all, and I am an expert at my business and a tailor in every sense of the word. I am world-wide for style and fit. I can suit you when all others fail. I have never cut a suit and overcoat for less than \$50.00, and I am not going to start now and sell them any less. My tailors are A No. 1 workmen, my cutter and fitters are the best money can get. I carry only the finest of cloth. If you've never seen fine goods you will have a chance now to see them at Dennis O'Brien's new home. I have been in London, Paris, New York, and now in Los Angeles to stay. I have a long lease on the building, so you see we are here to stay. Watch us day after day and we will show you Dennis O'Brien.

THE IRISH TAILOR KNOWS HIS BUSINESS.

NEWS AGENT STEALS GRIP.
RENO (Nev.) Jan. 12.—[Exclu-
sive Dispatch.] Victor H. Evans, a
news agent on Southern Pacific trains
between Sparks and Ogden, is
in the city jail charged with bur-
glary and will be taken to Fallon
tonight to answer the charge. He was
arrested in Sparks by Detective Mor-
tis Cottrare, of the Southern Pacific
Company and was taken to Ogden,
where he turned most of the stolen
property over to the detective. He
was then brought back to Reno and
is in the same room as the man who
made a confession. Detective
Cottrare says Evans got off the Los An-
geles Express, using the Southern Pa-
cific route during the floods on the
Las Vegas line at Hazen and that he
looked with him a grip belonging to L.
P. Welzen of New York.
This grip contained one pearl and
diamond pin valued at \$15; one single
diamond ring, \$5; one enameled scarf
pin, \$25; one pair pearl studs, \$100;
a revolver, \$20; and clothing valued at
\$45. The grip was worth \$15. The
total value is \$440.
Cottrare found the stolen grip in the
Healey Hotel at Ogden, where it was
taken by Evans.
SHOOTS WIFE AND KILLS SELF.
TRINIDAD (Colo.) Jan. 12.—Jealous
because of the alleged attentions of
other men to his wife, Todd Williams,
a barber aged 26 years, this morn-
ing shot the woman and then killed
himself. The woman will recover.
FLASHES FROM THE WIRES.
The Federal grand jury failing to
find an indictment against him, Thom-
as Sarabia, charged with violating
the neutrality laws, has been released
from jail at San Antonio, Tex., after
orders of the Federal court. Sarabia
was arrested with Jose M. Hangel, Au-
gust 10, 1909, in a raid made by De-
puty United States Marshals.
Representatives of the Dominion
government in Ottawa, Ont., are show-
ing sympathy with the movement ex-
posed by President Roosevelt launched for
a great international body to discuss
and suggest a systematic policy for
conservation of resources of
the United States and Canada.
New Theory of Lightning.
Prof. A. W. Porter, an English
physicist, advances the theory that
lightning is a huge electric spark fol-
lowing cracks in the atmosphere. It
does not take the well-defined zig-zag
course in which it has been so often
pictured, and its actual irregular path
suggests that the air must be cracked
by a blow of sufficient sharpness, like
that from the powerful electrical dis-
charge. Though cobblers' waxes, like
the air, is an unlikely thing to crack,
it splits easily under a sudden blow.

Let Us Frame Your Pictures

It will be done neatly and promptly,
and at a reasonable price.
See Our Picture Collection
It is full of beautiful things. Beautify your home with some
good pictures. We have a complete line of Mirrors—French,
German and American—framed or unframed.

NEW TURKS IN CABINET.
Changes Made Only in Ministries of
War, Marine, Mines and Forests.
Cretan Note Answered.
[ASSOCIATED PRESS DAY REPORT.]
CONSTANTINOPLE, Jan. 12.—The
new Cabinet, of which Haska Bey is
Grand Vizier, has been completed
with the exception of the ministries
of public instruction and of pious
foundations. Changes have been made
only in the ministries of war, marine,
mines and forests. The Cabinet, as
it now stands, follows: Grand Vizier,
Haska Bey; Minister of Foreign Af-
fairs, Ruffat Pasha; Sheikh Ufham,
Sakib Mollah; Minister of Interior,
Talat Bey; Minister of Finance,
David Bey; Minister of Public Works,
